

Hi Ladies,

May I start this mailing by wishing you all a Happy New Year.

Our NATC agenda is being readied and will be with you in the 1st week in February to allow your clubs to discuss as required.

However, today we received the flowing email from the TCI President Nina Lepakangas which we feel you should be made aware of.

Dear ladies,

Happy New Year! Our operational year is a bit over half way. Hope your Tangent year has been going well. It's been lovely to see photos of all the member events, charity efforts and other fun bonding among the Tangents as well as side-by-side life with the other Round Table Family associations!

Verona AGM is in the beginning of June - please do not leave registration too close to the event, as it is already now very full! There is a strong possibility that not all will fit into the event.

Wanted to remind you that **both the candidate nominations for the board roles as well as country proposals for the Verona AGM agenda must be sent to: secretary@tangentclubinternational.org by February 29th, 2020.**

After that, the board will compile the agenda and send it out with attachments by March 23rd.

Thank you ladies!

YiCF,
on behalf of the TCI board,
Nina

Please note these deadlines DO NOT apply to NATC as our rules state that all nominations and propositions must be approved by our membership, the only opportunity to do this is at our AGM and this deadline passed on Jan 3rd 2020. Both Proposition forms and Nomination forms were sent out in the October mailing 2019.

Implications relating to the later than normal TCI Propositions and Agenda are that these will not be available to publish in our NATC agenda. If the timescale of the 23/3/2020 is achieved we will circulate the details to all clubs via a mailing and aim to discuss at our NATC AGM. If this timescale is not met we have indicated contingencies within our NATC Agenda which I re iterate will be issued from the 1st week in February 2020.

Yours in Continued Friendship
Heather Parry
National Secretary 2018-2020
