

TCI Report Landshut

We travelled to Landshut in Germany for the 2nd TCI AGM.

On the first night we were all bused to a very Bavarian evening, where, I think, all 450 delegates lined up and squeezed in a large long room and were entertained by an umpah band and given copious amounts of beir!!

Of course the main event was the TCI AGM which was attended by 65 Tangent ladies from all over.

I am delighted and proud to say that 21 one of those attendees were from GB&I

The numbers are approximately as follows:-

Full member countries

Cyprus 47 members

Denmark 276 members

Finland 148 members

GB&I 13,000 members

Norway 34 members

Sweden 139 members

Associate members

Belgium 56 members

Ukraine 6 members

Zambia 14 members

On 17/4/16 Israel applied for associate membership and this was passed in Landshut the following week

India are going to apply for membership and currently have 17 clubs with 265 members, they would like to become full members when they reach 500 members in total

There will be six newsletters going out and as Anna wished each full member country will take it in turns to write a piece. GB&I are asked to present in February 2017

There were obviously bubbles, and presentations from each country, which is customary at TCI meetings!!

Susanne Norager passed the reins onto Anna Akesson, with both sadness and relief.

The new TCI board is:-

Anna Akesson (Sweden) President

Gerd-Inger Kaasen (Norway) VP

Niina Hamalainen (Finland) Treasurer

Alex Voller (GB&I) Secretary

Jeanett Korch (Denmark) board member

Anna Adamidou (Cyprus) board member

Anna's motto for the year is United in friendship and she has a rather lovely circle with hearts and heads for her logo.

The next meeting of TCI is the half yearly meeting in Finland, on a boat from 16-18/9/16

TCI is certainly growing and remember, we are all there for each other
